

EXAMINER'S AMENDMENT

Drawings

The examiner notes the following corrections which should be made to the drawings:

Figures 4 and 6, the "...second end 49..." as referenced in the specification (Page 4, L. 11) should be designated as described (understood to be the top of threaded member 47).

Information Disclosure Statement

It is noted that the information disclosure statement filed 7 October 2008 does not include a concise explanation of the relevance or translation of the non-english documents. However, the examiner has considered these references to the extent of the subject matter disclosed in the Figures.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Claim 10 contains allowable subject matter because the teachings of the prior art of record taken as a whole do not show or render obvious the combination set forth including *the at least one other member comprising at least one of an insert supported on the roller mount or a roller supported by the base and having an axis of rotation that is perpendicular to axes of the plurality of rollers.*

Claim 20 contains allowable subject matter because the teachings of the prior art of record taken as a whole do not show or render obvious the combination set forth including *no more than one of the rollers contacts a corresponding one of the sides of the guide rail when the roller axes are along a line that is generally perpendicular to the first and second sides of the guide rail.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stefan Krueer whose telephone number is 571.272.5913. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Cuomo can be reached on 571.272.6856. The fax phone number for the organization where this application or proceeding is assigned is 571.273.8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866.217.9197 (toll-free).
